DIRECTOR: WHITE HOUSE SITUATION ROOM.

SUBJECT: CAMBODIA--THE MILITARY SITUATION

25X1

The Khmer Communists have launched harassing attacks against widely separated provincial capitals. Kompong Cham City in the north continues to be the target of sporadic shellings and ground probes also occurred near Kompong Chhnang City north of Phnom Penh, at Takeo south of the capital, and at Siem Reap in the northwest. Closer to Phnom Penh, however, government units participating in the major clearing operation southeast of the capital have registered their first gains in several weeks.
